“This is the **greatest hoax** ever perpetrated on an unsuspecting public.

There is **absolutely nothing that can be done to contain this virus** other than protecting older more vulnerable people. It should be thought of as nothing more than a bad flu season. This is not Ebola, it’s not SARS. **It’s politics playing medicine and that’s a very dangerous game.**

I’m absolutely outraged that this has reached this level. It should all stop tomorrow.” Dr. Rodger Hodkinson

*Dr. Rodger Hodkinson, a **medical specialist in pathology which includes virology**, chairman of the Royal College of Physicians and Surgeons Committee in Ottawa, and CEO of a large private medical laboratory in Edmonton, Alberta and chairman of a medical biotechnical company which is selling a COVID test.*

Hodkinson reminds the listener that a positive test does NOT indicate clinical infection.

- No action needed
- **Masks are useless** and are doing nothing more than ‘virtue signaling’
- Social distancing is useless
- **Stop all testing unless you have respiratory symptoms**
- We don’t need anyone to tell us when we can return to work
- **Everything should be opened tomorrow**
- People are walking around like lemmings – obeying without any knowledge basis (masks)
- He recommends vitamin D

Hodkinson also supports **The Great Barrington**
